II. PROVINCIAL SOCIETIES, REGIONAL GROUPS AND REGIONAL REPRESENTATIVES

The Society recognizes that independent provincial societies exist in Canada which promote plant pathology and which may have members in common with CPS. Where independent societies exist, CPS maintains liaison with these societies through persons who are selected by the provincial society as representatives to CPS. CPS also maintains Regional Groups and Regional Representatives. Regional Representatives promote the interests of CPS and its members in that region. Regional Representatives are normally appointed or elected by the members of the group that they represent and serve terms of office at the discretion of those members. In exceptional circumstances the Board may appoint a Regional Representative where no Regional Group exists or a representative to maintain liaison with an independent provincial society. There are nine regions recognized by the Society, namely Newfoundland and Labrador, Maritimes, Quebec, Eastern Ontario, Western Ontario, Manitoba, Saskatchewan, Alberta, and British Columbia.

By-Law 30 - Procedure for Filling Unexpected Vacancies

The Board has the power to fill any vacancy that occurs between annual meetings of members. This power should be used with discretion and, if possible, after consulting the Nominating Committee. The basic principle to consider is that elective offices should be filled through the elective process. Technically the President is not elected, but automatically progresses through the offices of Vice

President to President-elect before becoming President. If for any reason this succession is broken the Board should endeavor to fill the vacant position with an elected member, or delay taking action until the vacancy can be filled by election.

When any vacancy occurs, the Board should see that the vacancy is either filled or that the duties associated with the vacant office are assigned in such a way that the operations of the Society are not impaired. The action to be taken would depend upon several factors, such as the office being vacated and the difficulties of assigning the duties associated with that office to others, the amount of advance notice of the impending vacancy, and the time remaining in the term of the office that is becoming vacant.

By-Law 31 - Committees

The Board may from time to time appoint any committee or other advisory body, as it deems necessary or appropriate for such purposes and, subject to the Act, with such powers as the Board shall see fit. The secretary or membership secretary may change or cause to be changed the recorded address of any member, Director, Officer, public accountant or member of a committee of the Board in accordance with any information believed by the secretary to be reliable. The declaration by the secretary or membership secretary that notice has been given pursuant to this by-law shall be sufficient and conclusive evidence of the giving of such notice. The signature of any Director or Officer of the Corporation to any notice or other document to be given by the Corporation may be written, stamped, type-written or printed or partly written, stamped, type-written or printed.

By-Law 36 - Invalidity of any Provisions of this By-law

The invalidity or unenforceability of any provision of this by-law shall not affect the validity or enforceability of the remaining provisions of this by-law.

By-Law 37 - Omissions and Errors

The accidental omission to give any notice to any member, Director, Officer, member of a committee of the Board or public accountant, or the non-receipt of any notice by any such person where the Corporation has provided notice in accordance with the by-laws or any error in any notice not

affecting its substance shall not invalidate any action taken at any meeting to which the notice pertained or otherwise founded on such notice.

By-Law 38 - Mediation and Arbitration

Disputes or controversies among members, Directors, Officers, committee members, or volunteers of the Corporation are as much as possible to be resolved in accordance with mediation and/or arbitration as provided in the section on dispute resolution mechanism of this by-law.

By-Law 39 - Dispute Resolution Mechanism

In the event that a dispute or controversy among members, Directors, Officers, committee members or volunteers of the Corporation arising out of or related to the articles or by-laws, or out of any aspect of the operations of the Corporation is not resolved in private meetings between the parties then without prejudice to or in any other way derogating from the rights of the members, Directors, Officers, committee members, employees or volunteers of the Corporation as set out in the articles, by-laws or the Act, and as an alternative to such person instituting a law suit or legal action, such dispute or controversy shall be settled by a process of dispute resolution as follows:

- a) The dispute or controversy shall first be submitted to a panel of mediators whereby the one party appoints one mediator, the other party (or if applicable the Board of the Corporation) appoints one mediator, and the two mediators so appointed jointly appoint a third mediator. The three mediators will then meet with the parties in question in an attempt to mediate a resolution between the parties.
- b) The number of mediators may be reduced from three to one or two upon agreement of the parties.
- c) If the parties are not successful in resolving the dispute through mediation, then the parties agree that the dispute shall be settled by arbitration before a single arbitrator, who shall not be any one of the mediators referred to above, in accordance with the provincial or territorial legislation governing domestic arbitrations in force in the province or territory where the registered office of the Corporation is situated or as otherwise agreed upon by the parties to the dispute. The parties agree that all proceedings relating to arbitration shall be kept confidential and there shall be no disclosure of any kind. The decision of the arbitrator shall be final and binding and shall not be subject to appeal on a question of fact, law or mixed fact and law.

All costs of the mediators appointed in accordance with this section shall be borne equally by the parties to the dispute or the controversy. All costs of the arbitrators appointed in accordance with this section shall be borne by such parties as may be determined by the arbitrators.

By-Law 40 – Dissolution of the Society

Subject to the articles, in the event of dissolution of the Society, all its remaining assets after payment of liabilities, shall be distributed to one or more qualified donees within the meaning of subsection 248(1) of the Income Tax Act.

By-Law 41 - By-laws and Effective Date

Subject to the articles, the Board of Directors may, by resolution, make, amend or repeal any by-laws that regulate the activities or affairs of the Corporation. Any such by-law, amendment or repeal shall be effective from the date of the resolution of Directors until the next meeting of members where it may be confirmed, rejected or amended by the members by ordinary resolution. If the by-law, amendment or repeal is confirmed or confirmed as amended by the members it remains effective in the form in which it was confirmed. The by-law, amendment or repeal ceases to have effect if it is not submitted to the members at the next meeting of members or if it is rejected by the members at the meeting.

This section does not apply to a by-law that requires a special resolution of the members according to subsection 197(1) (fundamental change) of the Act because such by-law amendments or repeals are only effective when confirmed by members.
